SUPERINTENDENT'S REPORT

To the School Board and Citizens of Croydon:

The sixteenth report of a superintendent of schools to the School District is herewith presented. It is the second by the present author.

SURVEY

The routine of the schools has continued along somewhat conservative lines. No great innovations have been made and no retrogression is in evidence. A continuing staff of teachers has been able to make progressive modifications in their work without upsetting worth while previous practices. Several teachers' meetings and teacher conferences have been held to the end that the learning situation for the pupil shall be improved.

TEACHERS AND SCHOOLS

TEACHER	SCHOOL	FALL TERM ENROLLMENTS
Ruth L. Dewar	E. Village	22
Doris R. Persons	Croydon Flat	10
Sadie E. Muzzey	Ryder's Corner	10

GENERAL STATISTICS

For the Year Ending June 30, 1934

Number of pupils enrolled	40
Average membership	38.77
Average attendance	36.09
Per cent of attendance	91
Number of days schools in session	179
Number of children transported District expense	2
Number of tuition pupils in high school	11
Average salaries of teachers	\$866.67
Number of visits by the Superintendent	47
Number of visits by citizens	69

The preceding tables are published to conserve and make continuous the record of the schools. Whenever it becomes desirable, these figures may be compared over a period of years. It will then be possible to point out trends in population and to foresee in part, at least, what may be required in subsequent years.

BUDGET

The proposed budget calls for several hundred dollars less than that of last year. This is due mainly to the lesser cost for tuition in the high schools and to the lesser number of pupils attending high school. This is particularly to the advantage of the town this year, inasmuch as the state aid allotment is less than one hundred dollars. It is to be expected that as one or two years pass, this allotment will increase. Only the bare necessities of operating the schools have been included in the estimates.

REPAIRS

Two major improvements have been made to the buildings this year. The Village school has been re-shingled and electric lights have been installed in the school at Croydon Flat. It is suggested that as soon as circumstances will allow, these buildings should be re-painted in the interior. Both of these buildings and especially the one at the village, could be greatly improved by the replacement of the present desks with single desks of the movable type. It has been offered by the Government that this work be done by means of a Government loan payable in equal sums each year. It is stated here so that the citizens may avail themselves of the opportunity if they so desire. The Superintendent will gladly give of his time to bring this about if he is instructed to do so by the citizens and the School Board.

HEALTH

The health work of the schools continues upon a satisfactory basis. Mrs. Hasham is doing commendable work and should receive the co-operation and confidence of the community. The Federal Government has again made possible a mid-morning milk lunch which seems to have helped many pupils to maintain a more normal health condition.

The school community is fortunate to have among its citizens those who are willing to give of time and energy to the welfare of the schools. It is the small community which will help our country to maintain its ideals of democracy even though those ideals must be subject to change to meet the needs of a modern dynamic world. It is for us to carry forward the principles of our fathers, adapting them to present day needs.

Respectfully submitted,

ROBERT J. FULLER.
